

## Looking Back...

The month of June was a month of growing. In the Toddler and Preschool rooms, we were able to watch our butterflies transform from caterpillars to butterflies. The Toddlers were lucky to have all five of their caterpillars transform into butterflies. We released them outside so that they could find new homes. One of the Toddlers even had a butterfly land on their nose!

We are also getting ready for our older Toddler classmates to graduate to Preschool and that has been a big discussion!

In the Preschool room, graduation to the Kinder program was also a big interest. All the kids are getting excited to begin the Summer in Kinders Program and bring their own lunches! This group have also been taking more walks and have been enjoying exploring the community park by the Chesterville pool.

## Looking Forward...

We would like to let all families know that during the Summer months weekly emails will be sent out with regards to any special events and activities that will be happening in the programs.

## Special Dates:

The Weekly Themes for the Month Include:

July 2 to 5 is Mad, Messy Art

July 8 to 12 is Books! Books! Books!

July 15 to 19 is Master Chef

July 22 to 26 is Busy Builders Week

*We are looking for volunteers to participate in our summer activities. If you are able to come into the site/sites and share your experiences and talents with the children, please contact your child's educator.*

## *A Note from the Executive Director...*

Dear Parents,

We are looking forward to a fun-filled summer! We will have special activities, guests, and events every week! Please speak with your child's educators and watch Parent Portal for more details!

We would like to thank everyone who donated items for our Facebook auction as well as those who bid on the items. Thanks to your generosity, we raised over \$2000 for our summer programs!

We have booked a field trip to Skywood in August for our kindergarten and school age children. It was their favourite event last year, and we are so excited to be able to return this year! The trip is planned for August 13, with a rain date of August 27.

Due to parent requests, we are offering a lunch program for kindergarten and school age children; please speak to your Lead Educator to get an order form and for more information.

Wishing everyone a wonderful and sunny summer!

Cheryl Firlotte
